A Visitor's Guide to Cypress Point Preserve

Nestled along the shoreline, our coastal trails offer breathtaking views and a peaceful escape from the hustle of everyday life. Whether you enjoy hiking, birdwatching, or simply strolling by the sea, there's something here for everyone. The preserve spans over three miles of protected coastline, home to a wide variety of native plants and wildlife.

Trails range from easy, family-friendly walks to more challenging routes for experienced hikers. The Overlook Trail, our most popular route, takes approximately ninety minutes to complete and rewards visitors with panoramic views of the bay.

Be sure to bring plenty of water and sunscreen, especially during the summer months when temperatures can rise quickly along the exposed cliffside sections. The visitor center is open daily from 9:00 AM to 5:00 PM and offers free maps, guided tours on weekends, and restroom facilities.
